## Message from CHAIRMAN

I Congratulate you on stepping into the portals of Institution, an institution 'Built by Excellence, Backed by Experience'. The College in its Endeavour to ensure competence at all levels of education, intends to maintain high standards in terms of teaching-learning, faculty and infrastructure.

The reputation of an institution of higher learning is based on the character and performance of individuals who work and live in it, the teachers and students; There can be distractions and setbacks in the making of an institution. There can be challenges which may appear formidable. But, those who have the will, determination and perseverance shall overcome the difficulties and attain higher levels of achievement in the pursuit of excellence. This is the lesson of history which Institution has assimilated in its work culture.

Being the inheritors of the culture of an institution, the students are its real torch bearers and legacy holders. As their mentors, supporters, guides and philosophers, We always strive to make them pillars of strength for generations to come so that they continue to hold aloft the repute of the college.

I am absolutely sure that as always, the learning process initiated by this institution would be sacredly followed by the students and they would establish themselves as separate identities. I believe my Students would do us, their nation and the Institution proud. I am hopeful that the college will Scale new heights of glory in its onward march.

Welcome to the Institution.

Into existence in 2019 with imaginativeness to become one of the esteemed organization that is solely dedicated in the field of pharmaceutical education and research and to produce competent world class professional with glorious career. With the commitment and focus as enunciated here, we are punctiliously raising the educational standards by offering you a world - class program, designed to help each student realize full potential at an affordable cost. We find it obligatory to take care of you in all aspects of life from now on leading to a lifetime relationship. Our teaching is focused on Pharmaceutical business world and its need through our personalized and interactive teaching methods

Board or 10+2 examination from any other board with at least 50% marks (45% in case of candidate belonging to reserved category) in Physics, Chemistry and Biology or Mathematics are eligible for admission against unfilled seats and 15% management quota seats.

Eligibility for lateral entry in B.Pharm Course for D.Pharm holders:

## Message from **PRINCIPAL**

Dear all,

GBCP comes into existence in 2019 with imaginativeness to become one of the esteemed organization that is solely dedicated in the field of pharmaceutical education and research and to produce competent world class professional with glorious career.

With the commitment and focus as enunciated here, we are punctiliously raising the educational standards by offering you a world - class program, designed to help each student realize full potential at an affordable cost. We find it obligatory to take care of you in all aspects of life from now on leading to a lifetime relationship. Our teaching is focused on Pharmaceutical business world and its need through our personalized and interactive teaching methods. I am sure my committed faculty and staff will strive hard to transcend you all into prospective young pharmacists with globally compatible skills and knowledge.

Let's come and find what we mutually offer to each other!

## About College

Institution is one of Lucknow's leading College providing quality education based on lucknow university. The objective of establishing the institution was not merely to impart formal education but also to make the students better citizens by inculcating in them the virtues of self discipline, self-confidence, social service and humanity.

The institution has well equipped library and computer lab for enriching students both academically and technically. We provide eco-friendly environment along with Wi-Fi connectivity.

In an Institution's Campus we celebrate each and every festival so that values and ethics may develop in new generation because we believe.

*"Education is meaningless without customary morality"*

### D.Pharma

This course is designed to impact the job skills and research motivational in students to excel in all walks of life including the pharmaceutical sciences. The curriculum includes basic scientific and professional instruction as well as specialized training in the various branches including pharmaceutical analysis, pharmacology and pharmacy practice, Pharmacognosy etc.

### Library

The Library collectively supports the teaching, research and extension programmes of the institute. All students and faculty members of the institute are entitled to make use of the library facilities on taking library membership. The Library, besides having huge Collection of books, offers Library services through its various Divisions.

## AFFILIATION AND APPROVALS

Approved by AICTE and PCI New Delhi, and affiliated to UP BTE and DR A P J Abdul Kalam Technical University, Lucknow.

## INFRASTRUCTURE DETAILS

### CLASS ROOMS

The class rooms are subject specific and fully well ventilated along with the overhead and LCD projector facility. The institution also has tutorial rooms for the students who require extra lectures.

### DIGITAL LIBRARY

The learning and resource center (Library) is the hub of all intellectual and academics. The library has a large pool of resources viz. latest world class Marcel Dekker series of pharmaceutical sciences, Indian and international journals; Pharmacopoeias (USP, BP, IP, EP) and many more that makes it as diverse as Pharma industry. Besides periodicals and references we keep the students up-to-date with the latest through the digital library that includes CDs, audio-visual, internet section, reprographic section.

### LABORATORIES

The role of theoretical as well as the practical knowledge is mandatory in any technical education curriculum that makes the laboratories 'the backbone' of a technical institute. The institute is furnished with well advanced hi-tech labs having all modern facilities. Following are the operational labs:

Pharmaceutical Chemistry- I, Pharmaceutical Chemistry-II, Pharmaceutics- I, Pharmaceutics-II, Biochemistry  
Pharmaceutics-III (Pharmaceutical Technology), Pharmacology, Pharmacognosy, Anatomy Physiology and Pathophysiology, Pharmaceutical Microbiology and Pharmaceutical Biochemistry, Machine Room  
Central Instrumentation Room

### LANGUAGE LAB

A well equipped language laboratory helps student's weak in English hone up their language communication skill under the watchful eye of a full time faculty. The lab is an air condition network computer aided facility with dedicated software for developing language skill.

### LEARNING SUPPORTS - (JOURNALS AND PUBLICATION)

The college library has a subscription to numerous national and international pharmacy journals that provide constant learning support and references for students and faculties.

### COMPUTER CENTRE & WI-FI ENABLED CAMPUS (INTERNET FACILITIES) -

Computer centre has latest configuration desktop PCs on network controlled by server. Also the operating systems like Linux, Windows etc., and various application software and database management system are available. The computer centre has the central power back up and will remain available to students at least 12 - 14 hours every day. This facility will cater to the need of all students & help them learn developing innovative program/software when they are young. The computer centre also has the high-speed internet connection for the students. Campus has high speed internet facility. All laboratories, faculty room, other section & hostels have Wi-Fi enabled internet facilities.

### MUSEUM

A Pharmacy museum with display crude drug samples, photographs of medicinal charts, proprietary medicines, containers, closures etc is established which is informative and educative.

### HERBAL GARDEN

The institute has developed a good numbers of medicinal and aromatic plants in its well organized medicinal garden. These medicinal plants entuse the students to identify them for demonstration as well as extraction of different kind of drugs and also to generate an aptitude for research in pharmacognosy and phytochemistry.

### HOSTEL

The institute provides hostel and mess, embedded with all modern facilities. Separate arrangements are available for girls and boys capacity. 24 hours internet and Wi-Fi facilities is available in hostel. The security issue of all the students can't be compromised, so they remain under the supervision of wardens and the hostel is regularly guarded by the security staffs. Audio-Visual Centre Our Institute has a fully air-conditioned AV centre for lectures, seminars

### AUDITORIUM

Institute is proud to have an auditorium with which accommodates 300 students with synchronized LCD, projector, sound system and internet connection for conduction of guest lectures, seminars, workshops etc.

## TRANSPORTATION

We have buses and other vehicles available for transportation. Our drivers are specially trained to deal with students softly so that any undue impact can be avoided on the student's minds. The transport facility is available from different points of Lucknow City.

## CAFETERIA

The institute has full-fledged cafeteria for preparing and serving snacks, tea, coffee, cold drinks and various other foods.

## SPORTS

Sports are a regular feature of our Institute. We have large playgrounds. Our students regularly participate in inter-college, inter-university and inter-state competitions. The institute has indoor games like Table Tennis, Carom and Chess etc. The institute has outdoor game facilities like Badminton, Cricket & Football.

## INSTRUMENTATION AND MACHINE ROOM

support experiments of various sorts of attraction is HPLC, spectrophotometer, projection microscope, cooling centrifuge, trinocular microscope, Brookfield viscometer with small volume attachment, high precision imported ph meter, and refrigerator cooling cum solvent recovery facilities etc. machine room of the institute provides the facilities for pilot scale manufacturing of various pharmaceutical dosage form including tablet, semisolids etc

## PERSONALITY DEVELOPMENT

Personality development classes is conduct for all round development of its students. We invite guest speakers and conduct seminars, conferences and workshops on variety of subjects. For ensuring the achievement of this purpose the institute regularly conducts entrepreneurship awareness programs.

## INDUSTRIAL TRAINING TOUR

We also organize industrial tours from time to time in leading industries to enable students to correlate their theoretical knowledge with their practical experience.

## TRAINING & PLACEMENT

The goal of the Training & Placement Cell of the Institute is to provide employment opportunities and world class training to students in leading organizations/industry. It further provides ample opportunities to the students to develop their personality by conducting programs regularly on communication and other soft skills.

## AWARDS

As mark recognition of extraordinary merit, we offer merit, awards to deserving students.

## CCTV

Our campus is monitored 24x7 through CCTV cameras for security, safety and discipline.

## GENERATOR
